INDEX

INTERNATIONAL ORGANIZATION

Volume XXIV—1970

Prepared by Helen LaFleur

Since the summaries of international organizations have been omitted from the journal, beginning with this volume, the following index has necessarily changed somewhat in character. Topics discussed by major organizations are now listed both by subject and under the organ in which they are discussed. Committees and commissions of major organizations have been listed independently except in the case of the major committees of the General Assembly which are listed under the heading General Assembly. References to organs of smaller organizations have been listed under the organization. Abbreviations in parentheses following an entry indicate the larger body of which it is an organ or to which it reports.

The pagination of Volume XXIV is as follows: Number 1, Winter 1970, pp. 1–159; Number 2, Spring 1970, pp. 163–387; Number 3, Summer 1970, pp. 389–606; Number 4, Autumn 1970, pp. 607–1020.
